...

Organizations []. In sociology, organization (or organisation) is understood as planned, coordinated and purposeful action of human beings to construct or compile a common tangible or intangible product. This action is usually framed by formal membership and form (institutional rules). Sociology distinguishes the term organization into planned formal and unplanned informal (i.e. spontaneously ...

Introduction to Sociology/Organizations - Wikibooks, open ...

The literature on the sociology of organizations is vast and represents a refracted history of the study of bureaucracy. The object of study is variously labeled bureaucracy, complex organizations, and formal organizations, but the concept of

Organization - Wikipedia

Sociology is a study of society, patterns of social relationships, social interaction and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Sociology is also defined as the general science of society.
